

REMARKS

Favorable reconsideration of this application in light of the following discussion is respectfully requested.

Claims 1, 3-9, 11-13, 16-35, 37-39, 57-58, 66-68, 72, and 81-86 are presently active in this case. The present Amendment cancels Claim 36 without prejudice or disclaimer, and amends Claims 3, 9, 11-12, 20, 25, 57 and 66-68 without introducing any new matter, nor changing their scope.

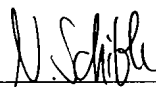

In response to the Notice of Allowability of June 29, 2009, Applicants herewith submit an Amendment after Allowance under 37 C.F.R. § 1.312, to correct some minor formal issues. In particular, dependent Claims 3 and 11 are amended to recite “media data signals” instead of “video signals,” to correspond to independent Claims 1 and 9, respectively. Claim 9 is amended to recite the “data storage” earlier in the claim, and to amend “recording medium” to “data storage,” to address an issue of antecedent basis. Claims 11-12 are amended to correspond to independent Claim 9. Dependent Claims 20 and 25 are amended to address a minor issue of antecedent basis. Claim 36 is cancelled as not further limiting the subject matter of independent Claim 31. Moreover, Claims 57 and 66-68 are amended to recite a “camera,” to correspond to the respective independent Claims 1, 9, 16, and 31. No new matter has been added, nor is the scope of these claims broadened.

The present Amendment also reflects the changes that were made by the Examiner’s Amendment shown in the Notice of Allowability of June 29, 2009 on page 2, including changes to Claims 57-58, 66-68, and 72, and the cancellation of Claims 14-15 and 40-41.

Should the Examiner deem that any further action is necessary to place this application in even better form for allowance, the Examiner is encouraged to contact Applicants' undersigned representative at the below listed telephone number.

Respectfully submitted,
